FIREMAN KILLED.

Stanley McGuire of the C. and O. Meets With an Accident Yesterday.

A most unfortunate accident occurred yesterday morning on the C. and O. near Manchester.

When near that place Stanley McGuire, fireman on the local freight, left the engine to go to the caboose for his breakfast.

Time passed, and when the train stopped at Springfield a telegram awaited the engineer, stating that his train had killed a man just west of the former station.

Investigation was made and McGuire was not found on the train. The remains were subsequently identified as the missing fireman.

It is supposed that in going to the caboose the unfortunate man fell between the cars, thus meeting death.

The remains were taken to Manchester and prepared for burial and later taken to Covington where the family of the deceased resides.

FINED FOR CONTEMPT.

County Attorney Frank P. O'Donnell Had to Pay \$10 Yesterday.

Mr. O'Donnell asked the witness a certain question, when the following dialogue took place:

The Court—Mr. O'Donnell, the question has been asked several times.

Mr. O'Donnell (rising)—If the Court please, I desire to ask the question for a certain purpose.

The Court (using the gavel vigorously)—Sit down, Mr. O'Donnell.

Mr. O'Donnell (still standing)—I desire to test the knowledge of the witness.

The Court (still using the gavel)—The Court will exercise the right.

Mr. O'Donnell—And has the County Attorney of the great county of Mason no rights when the Court need respect?

The Court—Mr. Clerk, enter a fine of \$10 against Mr. O'Donnell.

A few moments after Court had adjourned a check for \$10, paying the fine and reciting the facts, was deposited with the Circuit Clerk.

AMAZING PROGRAM.

Does Mr. Goebel Propose to Incite a Bloody Revolution?

WHAT HENCHMEN THREATEN.

Louisville Commercial.

Despite the fact that the verdict of the people has been emphatically rendered against him, and that the seemingly thing for him to do is to resign his seat in the State Senate and retire from public life, Mr. Goebel continues to utter the impudent prediction that he will be Governor.

One of his lieutenants interviewed in Chicago makes the same threat against the peace and order of the state, and another—overheard in Frankfort—declares: (1) That the State Board of Elections, the honor of the Supreme Court, and the loyalty of the Democratic members of the Legislature to their oaths of office. It amounts to a distinct claim that all these agencies of the people for the orderly and lawful conduct of their affairs have surrendered their responsibilities into the hands of William Goebel, and that any practical interests and purposes he is already Governor in Kentucky; that he has made tools of Election Commissioners, puppets of Judges and traitors of his fellow partisans in the Legislature; that he only needs wait for the indignation of an outraged people to overthrow him; that he may usurp power without effective protest; that he may do it perfectly feasible to disfranchise his fellow-citizens and that he may set up, in place of a free government, a conscienceless oligarchy in one of the fairest of the states of the Union.

How do the free citizens of Kentucky like this Goebel imposture? How will they meet and handle a program like that?

The last two boats of the Kanawha coal fleet are meeting with serious difficulty in getting their coal into port. The heavy winds of Saturday compelled the Annie L. and the Wells to lay up at times, and so retarded their progress that the water got ahead of them.

Both boats were compelled to divert their route up about Palestine, and came down with five barges each. These they managed to get over four miles with difficulty. The Annie L. left three barges at Palestine, and it was deemed doubtful whether she would attempt to get them on down. The Wells left seven of her barges above four miles.

It has not yet been determined whether or not the Island Queen will be sent to New Orleans for the winter. Colonel Lee H. Brooks has said since his return from the Crescent City last week that he was not sure about the move as he had been before he went down there. While he said he had received much encouragement from the people, and had been offered extra inducements by the wharf company, he had some doubts in his own mind as to a strictly excursion boat doing a paying business. The owners of the Island Queen are now in correspondence with two parties, however, regarding the charter of the boat, and if these negotiations go through she will be sent down to New Orleans for the winter. The Island Queen has been put in fine condition in anticipation of her possible removal to New Orleans.

FOR THE FARMER.

A Splendid Article From a Well Known and Reliable Source.

The Western Tobacco Journal of Cincinnati has the following notice about our coming Tobacco Fair:

"TOBACCO FAIR AT MAYSVILLE—Mayville is laying plans through her Board of Trade for a big Tobacco Fair the latter part of January, 1900. The contest in Kentucky as to which county (Ky.) will have the largest number of tobacco growers in the state is now being waged. It is composed of some twelve adjacent counties. Liberal premiums in money will be offered as well as gifts of articles of value to the merchants.

"The tobacco growers in these sections should mark the date in mind and prepare samples of tobacco while during this fair.

"The time fixed for the fair is Saturday, January 20th. A sample must contain not less than eight hands. Liberal premiums will be offered on all grades. The farmers of these two districts will have an opportunity not only to get a nice premium but to advertise their crops. We expect at least 1,000 producers and that the warehouses of Cincinnati and Louisville will be represented by some of their agents and buyers.

"An admission of twenty minutes by a competent tobacco grower will be one of the features. This with good music and the rewards will make a pleasant social occasion. The fair will be held in the Meent Opera-house in the west.

"Those of our merchants who desire to reach the people's ear should bear in mind that the premiums you give to this will be the best way to do it. The Chairman of the Committee is Mr. John C. Adamson and he will be pleased to have you volunteer your premium. If not the Committee will call on you in a few days. Be ready.

"Remember, this will be a grand gathering of farmers."

Chamberlain's Pain Balm Cures

My wife has been using Chamberlain's Pain Balm, with good results, for a lame shoulder which has been occasionally for many years. We have tried all kinds of medicines and doctors without receiving any benefit from any of them. One day we saw an advertisement of this medicine and thought of trying it, which we did with the best of satisfaction. It has done what no other medicine has done. It has almost cured her.

UNCLE SAM AND GREATER AMERICA

MR. WILLIAM GOEBEL, your own part in an election officers, acting under your own election law, and in accordance, so far as they could, with your own instructions, have certified to your own State Election Commissioners that General WILLIAM S. TAYLOR has been elected by the people of Kentucky at their Governor. Now, "What are you going to do about it?"

People who are losing sleep over the frequently repeated suggestions that England's experiences in India prove that a large standing army will be required in the Philippines should divide the standing army of India into the population and then see how it fits conditions in the Philippines. The standing army in India consists of 225,000 men, of which one-third are Europeans and two-thirds natives. The population of India is 300,000,000, of the Philippines, 8,000,000. Make the calculation and you will find that at the same ratio we should have to keep in the Philippines 2,000 of American and 4,000 of native troops.

About the last of the industries to recover from the depression caused by Low Tariff and Democratic rule is that of woolen manufacturers. The enormous importations of woolen goods under the Wilson Low Tariff paralyzed the manufacture of woolen goods within the United States, and it is only during the last few months that they have fully recovered from the depression due to the enormous stock in the country when the Dingley Law was passed. It is only now, however, the woolen mills of the country are running on full time and in many cases overrunning. Demand for American wool is increasing, and the last of American industries to feel the effect of Republican Protection is gratefully acknowledging its benefits.

NEWS IN KENTUCKY.

KENTUCKY GOVERNORSHIP.

In the Event of Goebel Being Given the Certificate, Martial Law May Be Declared in the State by McKimley.

FRANKFORT, Ky., Nov. 28.—Senator Deboe left for Washington at 8 o'clock Monday evening, and after his departure a story emanating from republican circles was put abroad to the effect that in the event Goebel is given a certificate of election next Saturday by the turning out of Jefferson, Knox and Johnson counties, Senator Deboe, Senator Lindsay, Gov. Bradley, Gen. Taylor and other republican leaders will unite in an appeal to President McKinley to declare martial law in Kentucky recognizing Taylor as governor and supporting his administration. Senator Deboe stated to a press representative that he is not confident no emergency would arise requiring assistance of federal authorities but intimated he had assurances that federal aid could be had if it became necessary.

There was no change in the situation here Monday on either side. The expected move of the Goebel leaders to take the gubernatorial controversy into the courts prior to its handling by the state election board has not materialized so far, and many believe it has been abandoned. The story from Louisville that Jefferson and Elliott county returns had been mysteriously tampered with is not believed, as should this occur duplicate certificates could be easily obtained, and the theft of them would not effect the result.

The hotels of the city are filling up with visiting republicans and democrats from many parts of the state. The report that Warden Lillard, under the direction of Goebel leaders, is arming convicts and preparing to take the Goebel side in the event Bradley calls out troops Saturday, is absolutely unfounded. It is probable the sitting of the state election board will extend over several days, and it is stated that the democratic commissioners will refuse to begin canvassing the returns in the event Bradley places a military guard over them.

Williams and Young to Contest.
LEXINGTON, Ky., Nov. 28.—Col. Roger D. Williams, late republican candidate for the legislature from this city, will contest the seat awarded Will Kinn, the democrat. Milton Young, the republican candidate for state senator from this county and city, will contest the seat awarded J. Emory Allen, the democrat. Williams says many men who would have voted for him were disfranchised, and Young says that he would have been elected had not Athens and Hells school house precincts in the county been prevented from holding elections. Notice of contest was filed Monday afternoon.

Loft in the Political Squabble.
LOUISVILLE, Ky., Nov. 28.—Political clans are waiting for the state election board to meet next Saturday. Anti-Goebel men claim that the decision of the court of appeals in the Nelson case may Saturday make a body blow and that all the Kenton men may depend on is for Fryor and Poyntz, of the state election board, to decide the contests as to give him a plurality.

Knives Used at a Dance.
LEXINGTON, Ky., Nov. 28.—At a dance at the house of Lewis Isaac, near Dripping, just over the Jackson county line, Dan Russell was stabbed in the groin by James Abner. John Russell came to the assistance of his brother and cut Abner twice at the shoulder, the knife penetrating the shoulder blade and breaking off. Abner it is thought will die. An old grudge was at the bottom of the affair. No arrests were made.

Farmer's Wife Commits Suicide.
BENTON, Ky., Nov. 28.—Near Magnolia, Ky., Mrs. Lee Threat, wife of a wealthy farmer, committed suicide. No cause is known. A few moments before she was laughing and talking with her husband. He went to the barn and returned to find her hanging dead from a small tree.

Ripe Raspberries in November.
LEXINGTON, Ky., Nov. 28.—Ripe raspberries normal in size and taste were found Monday on bushes in the open gardens of the eastern Kentucky insane asylum by Steward W. K. Cardwell. Such a thing in this climate is without precedent.

The Posthouse Burned.
OWENSBORO, Ky., Nov. 28.—The city posthouse, a short distance in the country, was burned by an incendiary. The city authorities were having the building made ready for the reception of some alleged snail-pole cases.

Defended Polygamy.
LOUISVILLE, Ky., Nov. 28.—The Mormon claim of polygamy in its early days at a convention here defended polygamy. A number of speeches on behalf of Congressmen-elect Brigham H. Roberts were made.

He Felt Insulted.
KOKOMO, Ind., Nov. 28.—Because Superintendent Hancock placed him in a cell for clubbing a fellow inmate, Aas Varnock, of the county asylum, hanged himself, tearing his blouse into strips for a rope. He said he had been insulted by the punishment.

THE BUYERS' GUIDE

GRAND OPENING —OF— CHRISTMAS NOVELTIES!

WEDNESDAY,
DECEMBER 6, 1899,

Is our Reception Day. From a bower of roses and palms a famous orchestra will discourse sweet music all day long.

Souvenirs of Flowers for all Lady Visitors!

Everyone is cordially invited to attend this reception. 8 a. m. until 10 p. m. Wednesday, December 6th, 1899.

An intimate acquaintance with the good people of Mason and surrounding counties has taught me that "There is nothing too good for them," and I have brought to Mayville the most elegant stock of Holiday Furniture ever exhibited in any town of less than 100,000 inhabitants. In fact Eastern traveling men openly state that these goods would do credit to any city. Having spent seven months collecting this stock of novelties, during which time I have searched all of America and part of Europe, I feel that I am entitled to some consideration at your hands. Not being of a very bashful nature I have no hesitancy in asking you for what I feel is due me, namely, that you take one day off and inspect this superb stock of Holiday Furniture and Novelties. I devoted seven months to gathering these novelties to Mayville; surely you can devote one day to an inspection of them. You will find that the time will pass pleasantly; delightful music will rest and soothe you when the eyes are tired feasting upon the beautiful novelties gathered from many Eastern cities and foreign climes; sweet scented flowers will rest the mind while the tired body reclines in easy Turkish chairs; affable salesmen will answer all inquiries concerning quality and price without attempting to consummate a sale. Let it be distinctly understood that no attempt will be made to consummate a sale of any article upon this day. If you purchase it will be your own fault. No effort will be made to sell you, for this is our RECEPTION DAY, and we desire only what we ask, viz., YOUR PRESENCE.

Retrospective: A little less than two years ago we appeared in your midst with a new plan—a new method of doing business. A cynical public and indignant competitors stood amazed when we announced our intention of selling Furniture and Farm Implements for cash at one price to all and that price just 10 per cent. above what the article cost in carload lots. We hoisted our 10-per-cent.-for-cash flag and the fight was on. Competition was indignant over the fact that a stranger would dare to interfere with their old-time war profits. A cynical public doubted our integrity; friendly manufacturers doubted our ability to exist upon a profit of 10 per cent., and the battle went merrily on.

THE TRUTH IS MIGHTY AND WILL PREVAIL.

If there is a man, woman or child now today in five counties that does not know and realize that The Price Fighter is in Mayville and Brooksville selling Furniture and Machines at 10 per cent. profit I would like to have his photograph. The Price Fighter has fulfilled every promise, and defies anyone to deny this fact. Speak out now or forever afterwards hold your peace. Thanking you one and all for your many kind words said in my behalf, I remain your friend,

JOHN I. WINTER, The Price Fighter.

August Flower. "It is a surprising fact," says Prof. Houston, "that in my travels in all parts of the world for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and sailors, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a great remedy. DEATH OF A HERO.

True Story of How Gen. W. P. Symons Was Fatally Wounded.

Commander of British, Seeing His Men Wavering, Started to Lead Them But Was Shot While on Way to Front.

The true story of how Sir Gen. William Penn Symons got his mortal wound at the battle of Glencoin, in South Africa, is known at the war office at London, but has not yet been told in the English press. It is an open secret in official circles. The extreme vagueness of the accounts published plainly suggested that full information was being kept back, and it has finally been secured.

As the action grew hot and the British force was suffering badly, Gen. Symons ordered the Dublin fusiliers and the King's royal rifles to advance on the main position of the Boers. The burgher marksmen met them with a galling fire. The lines wavered. The officers rallied the men and again they rushed forward in the face of a withering hail of bullets. But again the lines wavered. Three of their gallant leaders were shot. Once more the undaunted officers got their men to attack. On they went, pressing steadily forward. Here and there men dropped on the way, and once more the gallant fellows were so seriously checked that rout seemed impending.

Gen. Symons saw everything. He instantly ordered his staff to remain where they were, by the slump of trees, and alone galloped out into the open toward his hand-picked men, to lead them himself to victory. He had gone only half a mile when he reeled in his saddle and fell wounded from his horse. Maj. Stevenson, of his staff, galloped up and had just reached the body of his commander when he himself was shot dead.

Gen. Symons, in short, had preferred death to living with the responsibility for what seemed destined to be another Majuba hill. But, as he, mortally wounded, was borne from the battlefield he received the glad tidings that the attacking infantry battalions had once more rallied and carried the Boer position by storm, though with a terrible loss.

ROBBED OF SIGHT BY DOCTOR.

Former Philadelphia Banker at Last Tells How He Was Robbed by a Supposed Friend.

J. Henry Askin, who 27 years ago was a financial power in Philadelphia, but who now, blind and alone, is an inmate of the Mazonie home on North Broad street, has broken the silence of a quarter of a century and told how he lost his sight through the perfidy of a physician.

"In 1872 my eyes were troubling me and my friend and family physician, Dr. John Doe, was treating them. My wife grew alarmed over my condition, when Dr. Richard Roe, a prominent specialist, was called in to consultation with Dr. Doe.

"After Dr. Roe began his treatment my sight improved, and there came a change for the worse. Dr. Roe, who then had entire charge of the case, could not explain the change. Dr. Doe still visited my home as a friend, and was always welcome.

"One day, years after I lost my sight, Dr. Doe came to me and cleared away the mystery. Dr. Doe had just died and on his death bed confessed to Dr. Doe that he had caused my blindness by putting poison in my medicine.

"In order to save his family I resolved not to expose him. He did it because he was angered at Dr. Roe's success where he had failed."

The real names of the physicians in the story are purposely concealed. Dr. Roe being still alive.

In the early '70s the Fourth national bank was robbed of \$400,000. In the attempt to rehabilitate the bank Mr. Askin was elected president and his fortune was consumed.

WHO WILL MARRY THEM?

Probable That Archbishop Keane Will officiate at the wedding of Admiral Dewey and Mrs. Hazen.

Mrs. Hazen will be married to Admiral Dewey probably by Archbishop Keane, although Cardinal Gibbons may participate. The admiral's fiancée developed her Catholicism gradually. She was born into a Presbyterian family, but, after she grew up, came to Washington, attended St. John's Episcopal church. About half a dozen years ago she became a convert to the Roman Catholic faith, and was received into the church by Bishop Keane. She first attended St. Matthew's, but has lately been a communicant at St. Paul's church, at the corner of Fifteenth and

V. streets. The wedding ceremony will take place at the home of the bride's mother, Mrs. Washington McLean, and the present intention is to have it a private affair, as it would be almost impossible to invite all the persons who would be entitled to such recognition unless resort were had to a church wedding, which neither the admiral nor Mrs. Hazen favors.

CLEANLINESS ESSENTIAL.

Close Personal Inspection in the Army to See That the Men Are Clean and Well Dressed.

Some of the enlisted men of the army do not take kindly to the scheme for close personal inspection suggested by Maj. Van R. Hoff, of the medical department. He says in an official communication that much of the distress and sickness in the military force is due to lack of personal cleanliness and to carelessness in habits. He says: "Squad leaders should see that their men bathe at stated periods and change underwear at least twice a week. They should foot and underclothing inspection of the men should be included in the regular Saturday inspection. A clean, well-dressed soldier inspires confidence, which is the first step toward respecting orders."

GIFT TO HARVARD.

Higginson Donates \$150,000 for University Club Building as a Memorial to Men Who Fell in Late War.

Maj. H. L. Higginson, '65, who gave Soldiers' Field to Harvard university, has given the sum of \$150,000 to be used for the erection and equipment of a building suitable to the uses of the university club. The corporation in return offers the Warren property, at the corner of Harvard and Quincy streets, for the site of the building. Plans for the erection of the university club have been under consideration since last spring. It is to be erected as a memorial to Harvard men who fell in the Spanish war.

Encouragement to Progenitors.

The State Charities Aid association of New York has received a report from a special committee saying that the number of children placed in institutions at public expense as destitute has risen far beyond the normal ratio, and the evil is thought to be growing rapidly due to the increasing tendency of people who do not need public charity to avail themselves of it.

EXPORTS OF MANUFACTURES.

Show an Increase of \$50,000,000 for Nine Months of 1899 over Same Period of 1898.

Exports for the nine months ending with September were \$902,466,318, as against \$869,278,144 in 1898. Exports of agricultural products decreased about \$30,000,000, or from \$371,209,301 to \$542,114,469, while those of manufactures show an increase of \$50,000,000, or from \$227,828,045 to \$277,502,640. The products of the mines and forests increased materially, those of the forests from \$30,775,578 to \$36,129,126, and mines from \$19,159,887 to \$23,640,720. The decrease in agricultural products is more in the reduction of values than in amounts. Exportations of wheat fell off 14,000,000 bushels, but the value fell off \$30,000,000. The total exportations of wheat were 82,000,000 bushels, valued at \$62,000,000, while in the corresponding month in the previous year 96,000,000 bushels, valued at \$63,000,000, were exported. In 1899 13,966,591 barrels of flour, valued at \$52,760,025, were exported, as against 11,355,429 barrels, valued at \$50,760,905.
